Dear Mr. Halpern:

In answer to your inquiry concerning Mr. Louis D. Kelso, I wish to inform you that we are extremely happy with the plan of financing that took place under the direction of Mr. Kelso and also the quick service and reaction from the IRS.

Our plan has been in operation for a number of years and has been very successful - not only profitwise to the company employees but it has brought a very close relationship between all of us as most everyone in the firm is a stockholder.

I can highly recommend Mr. Kelso's ability to handle these plans.

Sincerely,

John F. Egan
